Unique IS2™

Supporting Digestive and Immune System Health

Unique IS2™ is a thoroughly-researched, versatile, stable and safe probiotic with clinically-proven anti-inflammatory and immunomodulatory effects.

CLINICALLY PROVEN

Numerous clinical studies prove Unique IS2™'s efficacy in reducing IBS related symptoms and abdominal pain.

STABLE SPORES

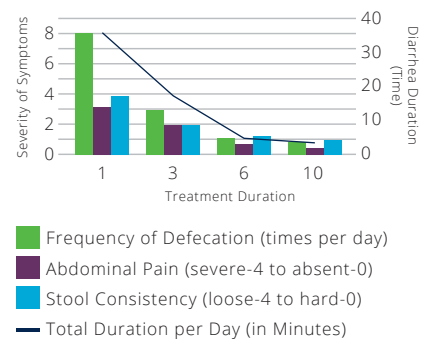

Unique IS2™ is stable over a wide range of temperatures and tolerates acid stress for survival in the GI tract.

CHILD FRIENDLY

Clinical trials and toxicity studies have proven Unique IS2™'s safety and efficacy for adults and children.

Unique IS2™ Reduces Frequency and Duration of Acute Diarrhea

Unique IS2™

Supporting Digestive and Immune System Health

Unique IS2™ is a self-encapsulated, shelf-stable probiotic well suited for applications in a wide variety of foods and natural health products.

A multitude of human clinical studies support the efficacy of Unique IS2™ in reducing:

- Acute diarrhea
- Bacterial vaginosis
- Hypocholesterolemic activity
- Liver cirrhosis complications
- Dental caries and Gingivitis
- Functional abdominal pain (FAP)
- Irritable bowel syndrome (IBS) in adults and children
- Inflammatory bowel disease (IBD) in adults

KEY HIGHLIGHTS

COMPOSITION

- *Bacillus coagulans* (*B.coagulans*) Unique IS2™

DELIVERY FORM

- Powder

CLINICAL DOSAGE

- 2.0 Billion CFUs

STABILITY

- Stable at room temperature for 3 years

APPLICATIONS

- Capsules, Tablets, Suspension, Sachets, Oral Strips, Gummies, Foods, Kombucha Beverage, Powders, etc.

CERTIFICATIONS

- GRAS
- HACCP
- ISO 9001:2008
- WHO-GMP Certified Facility

ORIGIN

- India

DEVELOPER

- Unique Biotech Limited
